**IMAGINE THE POSSIBILITIES IS ACCELERATING
SAFETY UPGRADES IN NEW FUNDRAISING CAMPAIGN**

Considering recent security concerns, Imagine the Possibilities is accelerating safety upgrades across our communities. Our purpose for this campaign is to provide a safe space for all our individuals - because every possibility begins with feeling safe. We intend to upgrade our building and home equipment to keep both staff and individuals feeling secure and protected. The campaign will begin on December 2nd, Giving Tuesday. Giving Tuesday is a global movement of generosity that intends to uplift and transform communities. Learn more about

it [here](#). The campaign will extend beyond the day of generosity to provide ample opportunity for our fundraising efforts.

Additionally, we would like to ask for the support of our friends, family, and communities in creating safe spaces at Imagine. This includes (but is not limited to) funds to cover entry access, camera coverage, visibility enhancements, and upgraded control systems. Once funded, we intend to move with haste and secure as quickly as possible. Given your commitment to our community, we would love to invite interested organizations to sponsor a location or co-sponsor upgrades. Sites that receive full funding will include name recognition on signage. Your support will be recognized across all Imagine platforms, including social media, websites, and our newsletter. If you or someone you know may be interested in supporting our journey to security, please see the contact information provided above.

At Imagine, the safety and security of our team and those we serve are critical to our mission's success. Enhanced security measures are not just about prevention and protection; they are about fostering an environment where everyone has the freedom to thrive. Your contribution to our upcoming security fundraising campaign directly enhances our ability to provide peace of mind, ensuring that our mission to empower individual achievement stays at the heart of all we do.
