

March 27, 2020

Imagine Friends and Family,

As a quick update to our current response to the COVID-19 outbreak, we wanted you to know that effective Monday, March 23 we began providing our Day Habilitation service for individuals served in our HCBS residential sites if they had previously been approved for Day Hab. The service is provided in the home setting and provides meaningful activity during this unique time.

We're excited about the opportunity to continue this important service, albeit in a different setting and under different circumstances, while complying with restrictions and recommendations from state and federal officials.

We will continue to provide updates regarding the supports and services provided as they evolve during this crisis. We appreciate your support and understanding as we navigate these waters!

Sincerely,

Todd Seifert

Chief Executive Officer
